

## VEHICLE'S WARRANTY

Last Updated mercoledì, 27 agosto 2008

Can its use interrupt a vehicle's warranty?

No, as it does not require modifications to any mechanical, hydraulic or electrical equipment of the vehicle itself nor does it interfere with them.

br>

We can speak of an average %, even if, only 3% of the economy, besides the ecological aspect, would determine, still, a VERY INTERESTING GLOBAL SAVING. It must be said that the older the vehicle, the greater the savings.
